Affordable and Inspiring Small Group and One-on-one Tutoring Services

Amazing Tutoring Programs

We provide high quality tutoring services in a variety of content areas for grades kindergarten to twelfth.

Our team brings each student to the targeted academic level through brain-based learning strategies in an instructional program individually designed to meet the student's needs.

Technology is used to accelerate learning, increase student engagement, and improve motivation.

Our positive culture is designed to enhance and support learning while providing opportunities for critical thinking and complex learning experiences.

Services Offered

- ▶ Small group tutoring sessions in topics such as SAT prep, math and reading. Groups are divided by grade into elementary, middle, and high school, with a maximum of 5 students per group.
- ▶ Private, one-on-one tutoring sessions that focus on topics such as reading, writing, math, or handwriting.

"In a little over a month of tutoring, my daughter moved up one level in her reading groups at school."

— Lynn, a St. Mary's Co. mom

"We are grateful to find an organization that provides certified educational experts who understand the fundamentals needed for academic success."

— Senequa, mom to an elementary student

Brain Building Toddler Programs

Enroll your toddler in a safe, educational environment where children receive fun, age-appropriate instruction through games, art, and role playing.

Toddler programs include early math concepts, music and movement, sensory and science, and social skills.

Check our website: www.magnificentminds.org to see what is available now!

Dynamite Dyslexia Specialization

Utilizing the highly respected Barton Reading and Spelling System for dyslexic students, our certified staff progress students through this specialized program at a comfortable pace.

Our structured, multisensory writing program further assists children with special needs. Services tailored for children with dyslexia are available as one-on-one or group sessions. Together we can change the future for children with dyslexia!

Parent's Night Out - Take a break!

Shop, go out to a nice dinner, see a movie and drop off your children (ages 3 and up) for a Parent's Night Out!

Children will enjoy fun crafts, games, and a movie on the big screen. Snacks and drinks will be provided for no additional cost. Discounts for multiple children!

Visit our website for more information!

"Before my daughter started, she didn't know any multiplication. Within six hours of tutoring she mastered her zero, one, two, four, five and nine times tables!
UNBELIEVABLE!"

— Mike,
St. Mary's Co. dad
